

“Once, during Prohibition, I was forced to live for days on nothing but food and water.” ~ **W.C. Fields**

On 16th January 1920 the 18th Amendment banned alcohol in the United States. The Era of Prohibition had begun...

Whilst Prohibition effectively killed 'the bar' it gave birth to a new, daring and exotic underground movement - a place where otherwise upstanding citizens went to break the law - a place where the jazz age mixed headily with bathtub gin and cigarette smoke... the speakeasy had arrived.

The speakeasy, or blind pig, was a new breed of drinking den.

Only those with an unwritten code passed through the disguised doorways and into the secret rooms serving bootleg Whiskey and illicit Hooch. Here the glamorous, the rich, the beautiful and the damned, drank and danced, whilst outside gangsters bribed cops to look the other way. The Roaring Twenties was in with a bang.

100 years later, We welcome you to your very own speakeasy -
